

# Here Comes The Show

**Verse 1** Hello and welcome to our little rendezvous.  
We're glad to have you come along.  
Clap hands and make some noise 'cause  
We are the girls and boys who  
Have all the music and the songs  
If it's fun that you're after, excitement and laughter,  
For a jam-packed hour or so,  
Then just kick off your shoes  
And if you happen to be snoozing,  
Wake up, here comes the show!

**Verse 2** Our mighty, meaty fairy-tale  
Concerns the story of a girl.  
Come on, we've got it all in  
Some handy sized instalments.  
Just step into our wacky world.  
There's a clot for a husband, who's hopelessly accustomed  
To the life of Old Riley.  
There's kindness and malice,  
Where the vertically challenged  
Are a real pleasure to meet.

**Verse 3** But there's a sorry sadness to it all,  
For not everyone survives to smile through it all.  
For our tale is like both life and football...  
Some you win and some you lose.

Here comes the show!  
Here comes the show!  
Here comes the show!  
Here comes the show!

# Out With The Old

## Verse 1

(All) Yeah, she's the Queen,  
Her beauty is so great that it's obscene,  
With talents deeper than the deepest sea,  
(Cronies) And we won't disagree 'cause she's the queen.  
(Queen) They wouldn't dare,  
'Cause I can kill a puppy dog with just one stare.  
These idiots just wouldn't have a prayer.  
(Cronies) And we don't say a word because were scared.

## Chorus

(All) *Out with the old,  
In with the new.  
Things are gonna change,  
Though we don't want them to!*  
(Queen ) *Everything's going to be dandy and fine,  
With my gold credit card and too much spare time.*

## Verse 2

(Queen) I'm so adored,  
But being so admired can be a chore.  
Look at the countless magazines my face adorns.  
(All) More like the mug that sunk a thousand ships and more!  
(Cronies) Oh it's no laugh  
Working for a full on psychopath.  
If she was any more stuck up she'd be a giraffe,  
But we can't say a thing, were only staff.

## Chorus

(All) *Out with the old,  
In with the new.  
Things are gonna change,  
Though we don't want them to!*  
(Queen ) *Everything's going to be dandy and fine,  
With my gold credit card and too much spare time.*

# It Will Be Alright, Snow White

## **Verse 1**

*(All)* Life in the city is bustling and busy,  
But here in the woods we're a world apart.  
The sound of birds singing, the little stream murmuring,  
A paradise sure to melt hardest of hearts.

*(Snow White)*

But at night when the moon and stars dance in the sky,  
I lay my head down to sleep,  
Dream of castles and loved ones so far, far away,  
And wake with a tear in my eye.

## **Chorus**

*(All)* *It will be alright, Snow White.*  
*Alright, Snow White.*

## **Verse 2**

*(Animals)* How someone could do her wrong, we'll never understand,  
Whilst she is in our hands she'll come to no harm.  
Wherever, whenever she leaves us forever,  
Till then we'll just cherish each moment we have.

*(All)* But at night when the moon and stars dance in the sky,  
She lays her head down to sleep,  
Dreams of castles and loved ones so far, far away,  
And wakes with a tear in her eye.

## **Chorus**

*(All)* *It will be alright, Snow White.*  
*Alright Snow White.*  
*Alright Snow White.*  
*Alright Snow White.*

# The Teeny Tribe

*(Narrators)* Ladies and gentlemen...introducing the Teeny tribe!

## **Verse 1**

*(All)* The teeny tribe,  
AKA Magnificent Seven!  
They're pocket-sized,  
Always in their beds by eleven.  
Famously,  
The daring dwarves, or mighty miracles,  
If you please.

## **Verse 2**

*(All)* So full of trust,  
Always proud, with heads in the clouds.  
*(Dwarves)* Rely on us  
To get things done on time or thereabouts.  
So let us now  
Introduce the rest of the crew,  
If you please...2, 3, 4.....

Chief  
Milton  
Muncher  
Grouchy  
Snuffles  
Beamer  
Snoozy (*yawn!*)

## **Verse 3**

*(All)* The teeny tribe,  
Birds of a feather  
All rent together  
'Cause they cant afford to buy.

# Life is Wonderful

## **Verse 1**

*(Snow White)*

Lucky me!  
I had the world upon my shoulders,  
But look at me now. Oh wow!  
And goodness me!  
Things will be oh so fine,  
Now that we've become friends.  
Look around – what a happy place!

## **Verse 2**

*(All)*

Thank the lord!  
Oh when you feel so good  
You want to sing a song. Sing along.  
And gracious me!  
Oh when you feel that  
Nothing ever could go wrong,  
Something's always bound to go wrong.....

# Here All Along

## **Verse 1**

*(Prince)*

Here, as you lie in my arms so still,  
I can swear that I've never  
Felt like this before and don't think ever will again.  
Oh, what I'd give for just one small kiss.  
For it seems like a crime that  
Somebody so sweet should have to fade away like this.

## **Chorus 1**

*(All)*

*He rode far over mountain plain,  
Sailed the oceans but all in vain.  
Just when he felt like giving in,  
He finds you here...  
And you were here all along.*

*(Snow White stirs, and wakes up. She stands and sings!)*

## **Verse 2**

*(Snow White)*

My, who is this holding me so tight?  
From the strength in his arms he might  
Be everything I need to bring me back to life.

## **Chorus 2**

*(All)*

*He'd ride far over mountain plain,  
Sail the oceans and through the rain,  
Swears he'll never look again,  
Now he's found you.  
And you've been here all along.*

## Snow White Returns

[Verse]

I woke up from a timeless dream  
Lost in a garden with endless green  
Seven friends  
Their faces bright  
Guided me back into the light

[Verse 2]

Kissed by a prince with a heart so pure  
Magic words  
They found the cure  
A world once dark now starts to bloom  
Breaking free from the endless gloom

[Chorus]

*Snow White returns  
Her spirit flies  
Through the forest  
Under endless skies  
A fairy tale  
Renewed and bright  
We're dancing in the moonlit night*

[Verse 3]

Once a tale of sorrow and rest  
Now a story of life's sweet zest  
Evil's grip has loosened tight  
Hope shines through in pure daylight

[Verse 4]

Fairy dust and apple bright  
Turned the wrong into the right  
Chasing dreams through sparkling streams  
Life's more grand than it ever seems

[Chorus]

*Snow White returns  
Her spirit flies*

Through the forest  
Under endless skies  
A fairy tale  
Renewed and bright  
We're dancing in the moonlit night
